TURNKEY SERVICES

The
Caisson
Company
— A POLE BASE COMPANY

TALENTED STAFF YOU CAN TRUST

SIMPLIFY YOUR JOB

The Caisson Company Continues To Grow

We have invested in our staff comprising of Master Electricians, Journeymen Electricians, and Apprentices working through our proven apprenticeship program. Our accomplished Estimator/ Project Manager Eddie Nielson, can assist with all your pricing requests. *Please see back for Eddie's contact information.*

MAKE YOUR JOBS EASY

Building on Years of Trenching Expertise
We Proudly Offer the Following Services

Light Pole Base Stub-Out Services

Short on time or staff? Our crews install conduits, ground clamps, and copper ground wires for light pole bases to ensure a smooth inspection and timely pours. *We can use your materials or supply them from our stock.*

www.caissonco.com

Trenching Services

We handle all trenching needs, including light pole bases, secondary services, signage, and telecom conduits. *Excavation of Trenches, Backfilling in lifts, and Compaction included.*

Conduit & Wire Installation

We can install your supplied conduit or provide all necessary materials. *We utilize pull strings for easy wire installation to make your final wire pull go smoothly.*

Specified Wire Materials can also be installed in the conduits ready for your final connections. *We can supply wire per your specifications or use your supplied wire.*

Pole Assembly & Standing

We provide turnkey pole assembly and pole standing for your projects. *Depend on our experienced crews to get your pole bases ready to light up. We assemble your provided poles and heads with shielded wire already running through the interior of the pole, stood on our Poured Concrete Bases, ready for final connections.*

TurnKey Services Help Keep Projects Simple

Over the past four years we have built up several crews, skid steers, trenchers, and mini-excavators to fulfill Turnkey Site Lighting installations for our 300+ clients along the Front Range of Colorado.
